## Elite Mockups — Quick Guide

Hey **creative!**  
Thank you for choosing  
Elite Mockups!

These files help you present your designs in a professional and realistic way. All mockups come as high-quality PSD files and fully layered and organized.

> Just open in Photoshop CS4 or higher, double-click the Smart Object, place your design, save, and you're done!

Need help or want a custom change? Just let us know!
